Safety is always an issue (Background check performed? Perhaps people must submit an application or something first to be able to use it?)

**Settling  
altercations  
among  
players?**

Keep track of games played (ie. who they went against, if they won or not, where, etc)

Suggest team(s) you may be interested in joining and that are looking for new members (and vice versa)

For more competitive matches, should compensation be offered if one team doesn't show up?

Offer transportation?

Ability to "rate" teams/a specific player on whether they are dependable (will show up/respectful/etc) or not

Provide suggestions for potential trainers/helpful resources for sports played/interested in

**How will we alert teams that the weather is too harsh?**
